Antonio Capogreco is a Gastroenterologist and Tenure-track Researcher (SSD MEDS-10/A) at the Department of Health Sciences, "Magna Græcia" University of Catanzaro.

Graduated cum laude in Medicine and Surgery from the University of Messina in 2016. In 2022 he completed his specialisation (residency) in Gastroenterology at Humanitas University (Pieve Emanuele, Milan). He is a PhD candidate in Applied Clinical Research at Humanitas University.

In the 2025–2026 academic year he taught at Humanitas University in the second-level University Master in "Endoluminal Therapeutic Endoscopy" and in the Gastroenterology module of the System Disease III integrated course of the English-taught MEDTEC degree programme (Medicine and Biomedical Engineering).

EXPERIENCE:

From 2022 to 2026 he worked as a gastroenterologist at the Gastroenterology and Digestive Endoscopy Unit of Istituto Clinico Humanitas, Rozzano (Milan), with a particular focus on advanced therapeutic endoscopy. Since October 2026 he has been a Tenure-track Researcher at the "Magna Græcia" University of Catanzaro.

Sub-investigator or co-investigator in several international clinical trials on interventional endoscopy and AI applied in endoscopy

He served on the Scientific Committee (2022–2025) and is currently a member of the Educational Committee (since 2025) of the Italian Society of Digestive Endoscopy (SIED). In 2023 he was awarded a SIED Research Grant. He is a member of SIED and of the European Society of Gastrointestinal Endoscopy (ESGE)
